

Saddleworth Village Olympics are an opportunity for the young people of our villages to come together and compete against each other whilst promoting a sense of community. Team Uppermill have participated in this event for 35 years but we rely on valuable sponsorship that didn't happen last year due to COVID. Sponsorship helps to cover the costs of equipment and venue hire for training as well as insurance. It also helps us to keep the cost of participation low. This is your opportunity to support what is an unbelievably well attended series of events organised by volunteers of our community on a not for profit basis.

Headline

£700

As one of the headline sponsor of the training and event you will receive maximum exposure

- Most prominent logo on all materials including banners at events and presentation evening, training schedules and emails to parents
